Campbell Crime and Justice Group Title Registration Form

(Submit to Charlotte Gill at gilce@sas.upenn.edu)

Instruction: Briefly address each item below. Provide enough information to allow the CCJG the ability to evaluate the scope of the review, appropriateness for the Campbell Collaboration, and any possible overlap with existing registered reviews.

1. Title of the review:

   What is the effectiveness of family programs implemented up to age 5 in reducing later antisocial behavior/delinquency?

2. Background and objective of this review (Briefly describe the problem and the intervention).

   The review would update (actually add and complete) the Bernazzani/Tremblay review of early parent training/home visiting programs. The key question would be: what is the effectiveness of family programs implemented up to age 5 in reducing later antisocial behavior/delinquency? Bernazzani/Tremblay restricted their review to up to age 3. The Bernazzani/Tremblay review was registered as a Campbell review but then deleted when they were unable to continue, so we are, in effect, re-registering this as a Campbell review.

3. Define the population

   The population will be all early parent training/home visiting programs.

4. Define the intervention

   The intervention is early parent training/home visiting programs.

5. Outcome(s) (what is aimed to accomplish – Primary and secondary outcomes should all be mentioned)

   Outcomes will be an examination of the effectiveness of these programs implemented up to age 5 in reducing later antisocial behavior/delinquency.

6. Methodology (What types of studies are to be included or excluded and what will be your method of synthesis? Will you use meta-analysis?)

   All intervention evaluations will be included at the beginning of the analysis. Depending on the number of such studies, meta-analysis may be used.

7. Do you need support in any of these areas (methodology, statistics,
systematic searches, field expertise, review manager etc?)

At this time, we do not anticipate that support will be needed in any of the areas listed in Q7.

8. Lead reviewer(s) with contact information
